

THANK YOU!

Here's An Update:

Student Attends School Despite Obstacles

Our students face incredible odds, often before they even get to school in the morning.

Amith is a Grade 8 student at one of our Good Shepherd Schools in Rajasthan. Each morning, he walks 6.5 kilometres and crosses a river in order to get to school, only to turn around and do the same journey again in the afternoon. It's a dangerous trip, but during the monsoon rains, when the river is expanded and surging, Amith's walk to school is even more perilous.

There are other obstacles in his life too, his Father is an alcoholic, and his parents are both illiterate, meaning Amith doesn't receive a lot of support from home. Add to this a Dalit background, and it is truly amazing that Amith has been regularly attending school since Kindergarten.

He is committed to his education. Even though there is no electricity in his village, Amith finds a way to complete his studies after dark. Close to his house is a battery powered solar street lamp, and he sits beneath it to study. He is the most educated person in his village, and in fact, is the only person who can read, write and speak English.

Thank you for giving the gift of education to children like Amith, who are desperately searching for a means to a better life.

Academic Success leads to School's Soaring Reputation

We are pleased to report last year's fantastic test results at Bondugula Good Shepherd School. This school received a 100% pass rate for all students from Lower Kindergarten to Grade 5!

These amazing results have raised the school's reputation to even higher levels. It's no wonder the school had 43 new admissions this year! This school is growing so quickly that one of the classes has even had to start studying in the hallway while they wait for additional classrooms to be built.

Thank you for sponsoring children to attend this Good Shepherd School. Their education will give them the tools to succeed in achieving their dreams!
